

## **Table of contents**

	<i>Words</i>
Chapter 1: Background to the problem.....	1
1.1. Introduction.....	1
1.2. Aim of the study.....	2
1.3. The research question.....	2
1.4. Why the choice for a qualitative study?.....	3
1.5. The significance and importance of the study.....	3
1.6. The focus of the work.....	5
1.7. Methodology.....	5
1.8. Summary.....	6
	<i>1.874</i>
Chapter 2: Literature review.....	7
2.1. Introduction.....	7
2.2. Chronic nonmalignant pain.....	7
2.2.1. Effect on physical, psychological and social well-being.....	9
2.3. Coping with chronic pain.....	11
2.4. Women coping with pain.....	13
2.5. Purpose of the study.....	16
2.6. Definition of terms.....	16
2.7. Summary.....	17
	<i>3.823</i>
Chapter 3: The research design: methodology and methods...	18
3.1. Introduction.....	18
3.2. Methodological perspective of the study.....	18
3.3. The rationale for my choice.....	19
3.3.1. Phenomenological philosophy.....	20
3.4. Method for selecting participants.....	21
3.5. Data collection.....	22
3.6. Sampling size-saturation.....	23
3.7. Method for analyzing data.....	24

3.8. Ways of determining rigor and trustworthiness.....	24	
3.9. Summary.....	25	<i>2.830</i>
Chapter 4: Data collection and analysis.....	26	
4.1. Introduction.....	26	
4.2. Bracketing.....	26	
4.3. Selection of participants.....	26	
4.3.1. Character of participants.....	27	
4.4. Ethical considerations.....	27	
4.5. Pilot study.....	28	
4.6. Data collection.....	28	
4.7. Data analysis.....	30	
4.8. Trustworthiness criteria.....	31	
4.9. Summary.....	31	<i>1.985</i>
Chapter 5: Presentation of study findings.....	34	
5.1. Introduction.....	34	
5.2. Keeping the pain tolerable.....	35	
5.2.1. Learning to live with the pain.....	35	
5.2.1.1. Seeking help.....	36	
5.2.1.2. Increased need for someone who provides information.....	37	
5.2.1.3. Searcing for the causes of the pain in one's actions and environment.....	39	
5.2.1.4. Finding the solutions which diminish the pain....	40	
5.2.2. Feeling one is not alone.....	41	
5.2.2.1. Someone who cares.....	42	
5.2.2.2. Someone to take care of.....	44	
5.2.2.3. Increased need for financial support.....	45	
5.2.2.4. Increased need for household assistance.....	46	
5.2.2.5. The importance of sharing the experience with others.....	47	
5.2.3. No-one can see that something is wrong.....	47	
5.2.3.1. Having a diagnosis makes a difference.....	49	

5.2.3.2. To be in charge.....	49
5.2.3.3. To go beyond expectations.....	50
5.2.3.4. Participating in family activities and the community.....	51
5.2.3.5. Focus on personal strengths and healthy appearances.....	52
5.3. Summary of findings.....	54
	<i>7.460</i>
Chapter 6: Discussion of findings, implications, recommendations and conclusion.....	56
6.1. Introduction.....	56
6.2. Discussion of the findings.....	57
6.3. Implications for nursing practice.....	62
6.4. Implications for nursing education.....	63
6.5. Limitation and strengths of the study.....	64
6.6. Recommendations.....	64
6.7. Closing statement.....	65
	<i>3.904</i>
	<i>Total number of words is...</i>
	<i>21.876</i>
References.....	66
Bibliography.....	72
Appendices.....	73

### **List of tables**

Table 1: Emerging major themes and overriding theme from subthemes.....	32
Table 2: Overriding theme, major themes, subthemes.....	33

### **List of appendices**

- Fylgiskjal 1: Umsókn til tölvunefndar.
- Appendix 1: Application to the Data Protection Commission.
- Fylgiskjal 2: Heimild frá tölvunefnd til að safna og skrá persónuupplýsingar.
- Appendix 2: Permit from Data Protection Commission.
- Fylgiskjal 3: Kynningarbréf.
- Appendix 3: Introductory letter

Fylgiskjal 4: Samþykkisbréf.

Appendix 4: Consent form.

Fylgiskjal 5: Auglýsing-leitað eftir þátttakendum

Appendix 5: Advertisement-Search for participants.
